School Checks for Veterans Slightly Late

Only about 50 percent of the applications for schooling of the more than 58,000 veterans enrolled in schools of higher learning in the Los Angeles area have been received by the Veterans Administration. The remaining half of enrollments are still being processed by educational institutions which are having record registrations.

As a result of these delays, only 3500 veterans will receive their initial subsistence checks between Oct. 4 and Oct. 8. Balance of the checks will be paid at the rate of 1100 per day for the next few weeks.

A total of 13,000 veteran students will be paid by mid-October. The remainder should not expect their checks until after Nov. 1. These checks will cover amounts due for the months of September and October.

Remodeled Houses Get New Ceiling

When a house goes traveling, it has to get a new ceiling—rent ceiling, that is . . .

And when the migrant building is lowered to its new foundation, its owner can give it a temporary ceiling which may be "remodeled" by the area rent office to fit the additional costs of modernization.

The State of California and the Housing Expediter's rent control office today quoted this principle of Federal rent law to prospective bidders for the houses soon to be moved from freeway routes.

"When a house is moved to a new location," explained Ben C. Koepe, area rent director, "the sky is not the limit on rentals. The place should be immediately registered with the area rent office, which sets a basic rental at the level prevailing for comparable houses in the new location, plus an additional amount to compensate for certain improvements. These include only those things that give added rental value."

DISABLED VETS—Physically handicapped persons were slated for special consideration this week, when the nation's employers were urged to find jobs for the less fortunate. Above, Robert Jones and Stewart Moulin, (right), officers of Bronze Originals of California, interview two of their handicapped employees on a radio broadcast.

Warren Heads 'Dimes' Drive for Next Year

Earl Warren, Governor of California and Republican Vice Presidential candidate, has accepted the state chairmanship of the 1949 March of Dimes. Basil O'Connor, president of the National Foundation for Infantile Paralysis, announced today.

Funds contributed to the annual drive pay costs of medical care and treatment for polio victims and finance the scientific research and professional education programs sponsored by the National Foundation. The 1949 appeal will be held, Jan. 14-31.

O'Connor emphasized the increasing importance of National Foundation activities in California where 2,672 cases of infantile paralysis have been reported this year through Sept. 18, compared to 633 cases for the equivalent period in 1947.

He also pointed out that almost \$250,000 from the epidemic emergency fund maintained by the organization's national headquarters had been sent to the state this year to assist National Foundation chapters in paying costs of care and treatment for California polio victims.

"While the final answer to the mystery of poliomyelitis—the discovery of a cure and a preventive for the disease—lies in the research laboratory," O'Connor said, "the generous support of the American people is now more vital than ever before if victims of polio, children and adults alike, are to receive the care they must have to achieve maximum recovery."

Former Head of Legion Is Against No. 13

All straight-thinking veterans in California, as well as other citizens who want good government, are against Senate Reapportionment, Proposition No. 13 on the Nov. 2 ballot.

Irvin "Bob" Snyder, past-commander of the State American Legion and chairman of the Veterans Committee Against Reapportionment, made this statement yesterday charging the measure was proposed by big-town political bosses, who would exert organizational pressure on law-making.

SOUTH DAKOTA PICNIC
The annual South Dakota fall picnic will be held at Bixby Park, Long Beach, Sunday, Oct. 17.

The Constitution of the United States came into being 161 years ago.

Yellow pine and Southern hardwood lumber grow in Alabama.

PAVING SPECIALISTS

If you are planning to pave your driveway, parking lot, tennis court, school playground, or industrial site, you'll want quality of materials and excellence of workmanship—and, at the same time, low-cost pavement.

For low-cost pavement, specify ASPHALT CONCRETE. For quality of materials and excellence of workmanship, let us manufacture and lay the ASPHALT CONCRETE paving mixture for you. We're paving specialists.

Western Ave. Plans Filed

New plans prepared for the improvement of Western avenue between Torrance boulevard and Highway 101 show that the tall trees along the highway will be preserved wherever possible, according to drawings filed with the Torrance City Council.

The blueprints are being prepared by the city of Los Angeles and the drawings submitted to the city show typical cross-sections. An 18-foot strip is to be left unimproved in the center at the present time, according to the drawings.

One of the drawings shows the trees remaining along the sides of the 100-foot right-of-way.

HEADS 'DIMES' DRIVE—Gov. Earl Warren of California has accepted the state chairmanship of the 1949 March of Dimes for the third consecutive year.

Airports Will Get Grants

Four California airports will share in grants totaling more than \$7,000,000 made this week for airport construction by the Civil Aeronautics Administration. The grants are matched approximately 50-50 by local funds. The grants were obtained by Fullerton municipal field, Hayward municipal, Sonoma County, and Rohnertville airport.
